WORK-LIFE BALANCE

YOUR PERSONAL ASSISTANT

FIND BALANCE BETWEEN WHAT YOU NEED TO GET DONE AND WHAT YOU'D RATHER BE DOING.

CAPE TOWN-BASED lifestyle management company My Life Organised provides you with a second pair of hands to help you find that ever-elusive work-life balance.

FEATURES. My Life Organised offers household, personal shopping, administrative and property management services. It also runs errands, arranges travel and entertainment and takes care of foreign visitors. Whether you need your pet to be taken to the vet for a check-up, have groceries picked up, quotes collected, someone to stand in line for your ID application or meet the plumber, My Life Organised will fax, send, phone, research, find, quote, arrange, meet, collect and deliver.

For the traveller, the company will arrange airport collections and drop-offs, passport and visa applications, car and limo hire, helicopter and jet charters, and flights. You can also have your home taken care of while you're away.

COSTS. A free one-hour consultation will help you assess your personal needs and a package will be developed for you. Services start at R1 200 per month for the Lock Up and Go package. The Executive package comes in at R1 500 per month for eight hours of service.

CONTACT. Caro Fisher in Cape Town, +27 82 963 7234, caro@mylifeorganised.co.za, www.mylifeorganised.co.za

▲ FREQUENT TRAVELLER TIPS

Beat the Queues

TYPICALLY, THE TIME before you go abroad will be your busiest which leaves you precious little time to stand in long queues and chase up visa, passport and international drivers' licence applications. Using a visa and passport service can literally save you days, but it's important that you choose the right one.

Costs vary from one company to the next but it's worth paying a little more for a professionally run outfit. We recommend you make use of a company that specialises in visa and passport applications, as opposed to a queuing company, and that you select one that has a national footprint.
